Physical Fitness Assessment Application in TEAL–2

- You must **apply for access** to the PFAI application through the TEAL online request system. This process may take 1–10 days. (See page 3 of the PFAI Quick Start Guide.)
  - Take action immediately if you do not yet have an account.
  - Note: If you applied for PFAI access through TEAL last year and were granted access, you do not need to reapply.
  - Exception: If it has been more than a year since you last logged in, your account may have been placed on inactive status, and in this case, you would need to reapply.
- Users with access may upload data to TEA. All fitness assessment data must be collected before beginning the upload process.

- **Close of business on the second Friday of June** is the deadline to upload fitness data to TEA–**June 13, 2025**.
Steps in the PFAI Data Upload Process

Steps in the Fitness Data Upload Process

1. Assign district data upload submitter(s).
2. Complete physical fitness assessments and enter ALL data into the ready-to-use data template.
3. Prepare the file for data upload.
4. Log into the PFAI application.
5. Upload data.

Step One: Assign Submitter

Each local district must designate appropriate staff responsible to support the identified data entry strategy. This could be one or more persons depending on the option selected.

- Options (page 7 of the PFAI Quick Start Guide)
  - A **Campus Submitter** may submit data for a **single** campus. Example: The district identifies **one** person at each campus who is responsible for uploading data files for that specific campus.
  - A **Multiple Campus Submitter** may submit data for **multiple** campuses in a district. Example: A district may choose to designate three multiple campus submitters, one submitting data for elementary campuses, one for middle school campuses, and one for high school campuses.
  - A **District Submitter** may submit **one** data file(s) for **all** campuses in a district. Example: A district may choose to have campus personnel submit data to **one** person designated as the district submitter who will submit data for the entire district.
