

Prescreened Organizations List

September 2025

Introduction

In accordance with Title IV, Part B of the Elementary and Secondary Education Act (ESEA) of 1965, the Texas Education Agency (TEA) provides a list of prescreened external organizations, as described under section 4203(a)(11), for the Nita M. Lowey 21st Century Community Learning Center (21st CCLC) program. By collecting, screening, and publishing a list of external organizations that have expressed interest, the potential for partnerships with current and future 21st CCLC programs is more easily realized.

According to ESEA, the term “external organization” can be defined as:

a non-profit organization with a record of success in running or working with before and afterschool (or summer recess) programs and activities; or in the case of a community where there is no such organization, a non-profit organization in the community that enters into a written agreement or partnership with an organization described in subparagraph (A) to receive mentoring and guidance in running or working with before and afterschool (or summer recess) programs and activities (ESEA, Section 4201(b)(4)).

Please note:

- TEA does not endorse, represent, or warrant the accuracy or reliability of any of the information, content, services, or other materials provided by these educational service providers.
- The Prescreened External Organizations List does not constitute TEA’s endorsement or approval of the quality of programs and services offered by the external organization.
- No funding is directly associated with this profile process. TEA does not guarantee any amount of work given to any provider listed on the external organization list.
- TEA reserves the right to remove an external organization from the listing for failure of the organization to meet the conditions specified within the profile.
- All information submitted on the External Organization Profile Form by an external organization is considered public information.
- TEA reserves the right to omit an external organization from the Prescreened External Organizations List for failure of the organization to meet the ESEA definition of an external organization.

Non-profit organizations located in the state of Texas, operating or delivering services to out-of-school time programs or activities, were invited to complete the profile form between August 1, 2025 and August 30, 2025.
