Description of Change

The purpose of this errata notice is to revise the Generation 29 Open-Enrollment Charter Application Subchapter D and Subchapter E Instructions and Guidance documents, as well to revise the elected stakeholder list provided on the Attachment E4 Statement of Impact Notifications cover sheet.

Current Subchapter D Instructions and Guidance Document pg. 8 and Subchapter E Instructions and Guidance document pg. 7

The guidance currently reads “Applicants may contact TEA staff for clarifications regarding required fields in the application and for assembly procedures; however, an applicant must not initiate contact with any TEA staff or SBOE member regarding the content of the application from the time the application is submitted until 90 days after the commissioner proposes the Generation 29 open-enrollment charter(s) for award.

Applications that are removed from consideration (for lack of eligibility, lack of completion, failure to make the required cut score, plagiarism, etc.) are still subject to the no-contact provision.”

Revised Subchapter D Instructions and Guidance Document pg. 8 and Subchapter E Instructions and Guidance document pg. 7

Current Subchapter E Instructions and Guidance document pg. 8

The guidance currently reads “Following SBOE’s action (or inaction) on the commissioner’s proposed charter awards, the proposed charter applicants must work with TEA staff to

resolve any issues that were identified during the application review or capacity interview process. All contingencies must be satisfactorily addressed within two months of receipt of agency required contingencies. A charter will not be awarded—and a contract will not be drafted—unless all issues are resolved by this date. After all contingencies are addressed, contracts will be issued with county-district numbers.”
