# WAIVERS & EXCEPTIONS

Under Chapter 7 of the Texas Education Code, districts and charter schools may apply to the Commissioner of Education for a waiver of a requirement, restriction, or prohibition imposed by education code or rule of the board or commissioner. **Approval or denial of a waiver is subject to commissioner discretion.**

The State Waivers Unit of the Texas Education Agency is responsible for the coordination of state waivers and class size exceptions. See Texas Education Code [\(TEC\) §7.056](#), Waivers & Exemptions, for parameters.

## Waivers Application System

State waivers are submitted to the agency using the **Texas Education Agency Login (TEAL) Application**.

## TEAL Waivers System Roles

If you do not have access to the Waiver application, you may apply for access to the waivers system for the following roles:

**District Editor:** responsible for creating waiver applications for routing to the district superintendent for review.

**Superintendent:** responsible for reviewing and submitting waiver applications to TEA (may also create waiver applications). *A superintendent needs only "District Superintendent" access and **does not** need both "District Superintendent" and "District Editor" access. The "District Superintendent" role includes all the same functionality that the "District Editor" role has, so access as a "District Editor" is not necessary. Waiver requests **cannot** be submitted to the agency using "District Editor" access.*

Note: The **Superintendent** role will be approved by agency staff only for the individual listed as the superintendent of record in the AskTED directory. Please visit the [AskTED Help Guide](#) for information on updating personnel information in AskTED.

## Applying for TEAL Waivers Access

You must have a **TEAL** account in order to apply for access to the Waivers system.

## Waiver Statuses in the TEAL Waivers System

Every waiver request is assigned a status in the TEAL Waivers System. Below is a list of all possible statuses and what each status means.

### Draft

- The default status assigned to newly created requests.
- Changes made to a draft request are not automatically saved; the **Save** button, located on the bottom of the page, must be used to save a request that has been edited but is not yet ready to be routed to the superintendent for review or to the agency for processing.

### Superintendent Review

- The status assigned to the request after the **Complete & Route** button is used by district editors.
  - Note: the **Complete & Route** button is available only for district editors; Requests created by superintendents do not require this step nor will they have this status.
- As this point, the request has been routed to the district superintendent for review and final submission to the agency for processing. If, however, the superintendent determines that changes are needed, the request may be reassigned to the appropriate district editor (by using the **Editor** dropdown and **Assign** button on the bottom of the page) to make changes (see "Reassigned to LEA Editor" status below).
- This status will remain until the district superintendent uses the **Review and Submit** button followed by the **Submit to TEA** button (both actions must be taken for the request to be submitted to the agency for processing).

### Submitted to TEA (or respective workgroup)

- The status assigned to a request that has been submitted to the agency for processing by the district superintendent.
- Depending on the waiver type, the status will indicate assignment to the appropriate workgroup, such as: TEA, BIL/ESL, Certification, Curriculum, Education Policy, State Funding, etc.

### Review (preceded by appropriate workgroup name)

- The status assigned to a request that is under active review by agency staff.
- Depending on the waiver type, that status will be preceded by workgroup to whom the request is assigned. Example: Waiver Unit Review, Certification Review, Charter School Admin Review, Curriculum Review, Education Policy Review, State Funding Review, etc.

### **Reassigned to LEA**

- The status assigned to a request that has been returned to the LEA by agency staff for edits, additional information, or clarification.
- When a request is returned, a comment will have been added in the **TEA Comments** section that specifies the reason the request has been returned and the information necessary to continue processing the request.
- The request, once edited, must be re-routed to the superintendent (if changes were made by the district editor) and resubmitted to the agency by the superintendent for processing, otherwise the request is considered denied after 30 days.

### **Reassigned to LEA Editor**

- The status assigned to a request that has been returned to a district editor by the district superintendent, usually for edits.
- Once edits are completed by the district editor, the request will need to be rerouted to the superintendent (by using the **Complete & Route** button) for review and submission to the agency.

### **Approved**

- The status assigned to a request that has been fully approved.
- The **Final Decision Comments** section will include the final approval details.
- Additional comments may have been added by agency staff to the **TEA Comments** section for clarifying purposes. It is good practice to review this section after agency staff have processed a request.

### **Approved-Partial**

- The status assigned to a request that has been partially approved. This means one or more, but not all, of the requested school years or days has been denied. Which years/days have been approved and denied will appear next to the requested years/days on the processed request.
- The **Final Decision Comments** section will include the final approval details.
- Additional comments may have been added by agency staff to the **TEA Comments** section for clarifying purposes. It is good practice to review this section after agency staff have processed a request.

### **Denied**

- The status assigned to a request that has been fully denied.
- The **Final Decision Comments** section will include the final approval details.

- Additional comments may have been added by agency staff to the **TEA Comments** section for clarifying purposes. It is good practice to review this section after agency staff have processed a request.

### **Rejected As Duplicate**

- The status assigned to a request that has been rejected for being a duplicate request. This means the same request has already been submitted to the agency and is under review or has already been processed.
- Additional comments may have been added by agency staff to the **TEA Comments** section for clarifying purposes. It is good practice to review this section after agency staff have processed a request.

### **Withdrawn**

- The status assigned to a request that has been administratively withdrawn by agency or LEA staff. This is usually done in instances when it is determined by agency staff that a waiver is not needed/applicable, when an LEA requests the withdraw, or when a request has been submitted on the incorrect application.
- Additional comments may have been added by agency staff to the **TEA Comments** section for clarifying purposes. It is good practice to review this section after agency staff have processed a request.

### **Cancelled**

- The status assigned to a request that has been cancelled by LEA staff by using the **Cancel Application** button on the bottom of the page.
- Cancelling a request is effectively deleting it, however it remains accessible by using the **Search Waivers** menu/screen.
- Cancelling a request is only an option for requests that have not been submitted to or processed by the agency.

# WAIVER TYPES

## Categories of Waivers & Exceptions

The state waivers that are available fall under varying categories: **Expedited**, **General** (including **Other**), and **Attendance**. Additionally, there is an application for a **Maximum Class Size Exception** that is also available for districts. **All waiver requests, regardless of type, require board approval (excluding class size exceptions).**

**Expedited Waivers** are waivers that require basic information from the district.

- Foreign Exchange Student (5 or more)
- Modified Schedule State Assessment Testing Days
- Staff Development Minutes
- Teacher Portal for Texas Assessment Program Data Waiver

**General Waivers** are waivers that require detailed information surrounding the district's waiver request.

- Accelerated Instruction
- Bilingual Ed Exception/English as a Second Language
- Certification for Superintendent/Teacher/Other than Classroom Teacher
- Course Requirement
- Course Requirement Career & Technical Education (CTE)
- Foreign Exchange Student (Less than 5)
- Pregnancy-Related Services On-Campus
- Remote Conferencing/Remote Homebound Instruction
- School Safety

**Attendance Waivers** are for excused absences or reduced attendance rates that are the result of inclement weather, health, safety-related, or other issues.

- Additional Days School Year (ADSY)
- Low Attendance Days
- Missed School Days

**Other Waivers** are specific requests that do not fall under any of the above categories.

- Charter School Specific Waivers
- Dual Credit Courses at Institutions of Higher Education
- TXVSN Course Review

**Maximum Class Size Exception** is required if any class for grades PreK-4<sup>th</sup> that exceeds the allowable class size limit of 22 students per class.

# EXPEDITED WAIVERS

**Expedited Waivers** are waivers that require basic information from the district and consist of the following types of waivers:

- **Foreign Exchange Student (Request 5 or More)**
- **Modified Schedule for State Assessment Testing Days**
- **Staff Development Minutes Waiver**
- **Teacher Portal for Texas Assessment Program Data Waiver**

## Foreign Exchange Student Waiver (5 or More)

This waiver allows the districts or charter schools to limit the number of foreign exchange students to a number that is *5 or more* per high school under Texas Education Code §25.001 (e). *(A request to limit the number to less than five per high school must be submitted as a **general waiver** application.)*

### Things to Consider:

- The approval of this waiver is not retroactive and takes effect on the date that the agency approves the application.
- The districts and charter schools must enroll foreign exchange students who arrive in the district or who have requested enrollment in the district prior to the waiver approval date.
- This waiver is permitted only for the following reasons (must be indicated on waiver application):
  - Creates a financial or staffing hardship for the district
  - Diminishes the district's ability to provide high quality educational services for the district's domestic students
  - Requires domestic students to compete with foreign exchange students for educational resources

### Required Information (entered on waiver application):

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- Number of Students Requested per High School (*5 or more*)
- Reason (*see permissible reasons above*)

- School Year(s) Requested (*up to 3*)

#### Supporting Documentation (submitted with waiver application):

- Board agenda from meeting at which the waiver application request was approved
- Local policies that impose limitations on foreign exchange student admission applications or requests (*If the district does not submit policies with the waiver application, the waiver will be reviewed based on the condition that the district accept foreign exchange students on a first come, first serve basis until the number of students stated in the waiver application is reached.*)

#### Resources:

- [Foreign Exchange Student Waiver Guidelines](#)
- [Foreign Exchange Student Waiver Frequently Asked Questions](#)
- [Texas Education Code §25.001 \(Admission\)](#)

## Modified Schedule for State Assessment Testing Days Waiver

This waiver allows the district or charter school to modify the schedule of classes for students who are not being tested to report to and attend school after the state assessment testing period has ended, therefore reducing the interruptions during testing period.

#### Things to Consider:

- Students who are not being tested must still meet the maximum 2-through-4 hour requirement for funding (see Student Attendance Accounting Handbook, Section 3.2.1.2 and 3.2.1.3).
- The PSAT/SAT is not considered a state assessment.

#### Required Information (entered on waiver application):

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- School Year(s) Requested (*up to 3*)

#### Supporting Documentation (submitted with waiver application):

- Board agenda from meeting at which waiver the application request was approved

  - Section 3.2.1.3 Code 2 Eligible for Half-Day Attendance

## Staff Development Minutes Waiver

This waiver allows the district and charter schools to train staff on various educational strategies designed to improve student performance in lieu of student instruction during the school year.

The waiver provides for a maximum of 2,100 total waiver minutes to use for professional development for districts and charter schools that provide operational and instructional minutes.

Each district and open-enrollment charter school may choose how to apply their approved waiver. For instance, schools may choose to offer early release, late start, all day staff development, or a combination of these options. The waiver minutes may also be utilized differently at different campuses.

This waiver is for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year.

#### Things to Consider:

- Staff development *waiver* minutes may not exceed 2,100 (5 days for charter schools operating before 1/1/2015 whose operational calendar is on days rather than minutes).
- Staff development *waiver* minutes may only be used during the school year and may not be used prior to the first day of student instruction or after the last day of student instruction.
- Staff development on staff development waiver days may be specific to the needs of individual campuses/workgroups and may be delivered at different physical locations, however the professional development must be synchronous and scheduled to take place at the same time and for the same length of time for all staff employed at the same campus on the day(s) the district is claiming staff development waiver minutes for that campus.

- Staff development *waiver* minutes are not applicable to “exchange/trade” days or professional development minutes that staff may accumulate on their own time “on demand” or outside of the school/workday.
- The maximum total number of minutes waived per academic year may not exceed 4,200. The minutes utilized as part of this waiver apply to the 4,200 waiver minutes cap. (*This includes low attendance day, missed school day, staff development, operational and instruction time for school safety training, and any other minute-related waivers.*)
- Minutes utilized as part of this waiver apply toward the annual 75,600 operational minute requirement.
- On staff development days when students are in attendance part of the day, the district or open-enrollment charter school must provide at least 120 minutes of student instruction to receive full ADA funding (see Student Attendance Accounting Handbook (SAAH), Section 3.8.1.4 Staff Development Waivers).
- Any staff development *waiver* minutes reported must reflect actual staff development minutes provided.
- Board approval of an academic calendar inclusive of staff development minutes/days is *not* tantamount to approval of a waiver application request; *each document must be board approved as separate agenda items.*
- Districts or charter schools must demonstrate that they are providing high quality staff development that will impact student outcomes.

#### **Required Information (entered on waiver application):**

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- School Year Requested (*2024-2025 only*)

#### **Supporting Documentation (submitted with waiver application):**

- Board agenda from meeting at which the waiver application request was approved

## Teacher Portal for Texas Assessment Program Data Waiver

The Texas Education Agency (TEA) provides a teacher portal for its assessment data that complies with the requirements of Texas Education Code (TEC), §32.258. Districts that are interested in fulfilling the requirement of TEC, §32.258 to provide teacher access to student assessment data through a local student data system must apply for an expedited waiver from TEA.

### Things to Consider:

- The local data portal must be accessible to all teachers in the core subject areas (reading language arts, mathematics, science, and social studies) and must allow teachers to view their own students' assessment data. *(It is a local decision whether to extend access to teachers outside of the four core subjects; however, districts must consider whether there exists a sound educational reason, allowable under the Family Educational Rights and Privacy Act (FERPA), for non-core teachers to have access to student-level data.)*
- Student data must be available for the past five years and include data indicating progress in student achievement.
- Student data must be available on or before the first instructional day of the year following the year in which the data were collected.
- The local data portal must permit comparisons of student performance at the classroom, campus, district, and state levels. Though it will not be necessary for local data portals to contain statewide data for comparisons of student performance, local portals must include a link (see below) to the TEA webpage where statewide assessment reports are posted.
- As a condition to granting a waiver for teacher access to the state teacher portal, local systems must have all the above data available to teachers.
- Districts and charter schools that receive a waiver from the requirement to provide teachers with access to the state teacher portal must still provide the teacher-student linking information in their summer PEIMS submissions. There is no waiver from the PEIMS submission requirement.

### Required Information (entered on waiver application):

- LEA Contact *(First Name, Last Name, Phone, Email)*
- Date of Board Approval *(This date should match the date the board approved the waiver per the agenda attached as supporting documentation)*
- School Year(s) Requested *(up to 3)*

**Supporting Documentation (submitted with waiver application):**

- Board agenda from meeting at which the waiver application request was approved

# GENERAL WAIVERS

**General Waivers** are waivers that require detailed information surrounding the district's waiver request and consist of the following types of waivers:

- **Accelerated Instruction Waiver**
- **Bilingual Education Exception/English as a Second Language (ESL)**
- **Certification for Superintendent/Teacher/Other than Classroom Teacher Waiver**
- **Course Requirement Waiver**
- **Course Requirement Career and Technical Education (CTE) Waiver**

### Things to Consider:

## Bilingual Education Exception and English as a Second Language (ESL) Waiver

All local educational agencies (LEAs), including all districts, charter schools, and districts of innovation, are required to identify and serve emergent bilingual (EB) students through bilingual education or ESL programs, per 19 Texas Administrative Code (TAC) §89.1205.

Pursuant to 19 TAC §89.1207(a)(1) and (b)(1), an LEA that does not have the appropriately certified teachers for their required bilingual and/or ESL program(s) must apply to the Texas Education Agency (TEA) for a bilingual education exception and/or ESL waiver.

This is a provisional measure taken to report the current needs of the district and to specify the actions to be taken in order to secure the appropriately certified staff, provide training and support to the teachers under the exception/waiver, and to verify the implementation of a temporary alternative methods that meet the affective, linguistic, and cognitive needs of the emergent bilingual (EB) students and align as closely as possible to the required bilingual or ESL program.

### Things to Consider:

- Requests for an exception and/or waiver must be submitted using the Bilingual Exception and ESL Waiver application on the TEAL Waivers system.
- The approval of an exception and/or a waiver shall be valid only during the school year for which it is granted.
- The application's narrative responses (*see appendix 3*) require LEAs to explain how the students under the bilingual education exception and/or ESL waiver will temporarily be served with alternative methods to meet the students' affective, linguistic, and cognitive needs and align as closely as possible to the required bilingual or ESL program.

- Districts and charter schools shall submit an action plan with targeted recruiting activities planned for the school year and a comprehensive professional development plan of how 10% of the bilingual education allotment used to prepare the teachers under an exception or waiver.

## Certification for Superintendent/Teacher/Other than Classroom Teacher Waiver

This waiver allows an individual to serve without the necessary certification requirements.

### Certification Waiver for Teachers

Allows an individual to serve as a teacher without the necessary certification requirements. Listed below are certification description types:

- Allows a person to teach without the necessary certification requirements.
- Allows qualified individuals to teach outside their areas of certification in Career and Technical Education (CTE).
- Allows qualified individuals to teach outside their areas of certification in a subject or course for which no state assessment has been developed.
- Allows qualified individuals to teach outside their areas of certification in Alternative Education.
- Allows qualified individuals to teach ROTC classes outside their areas of certification.

### Things to Consider:

- When requesting a certification waiver for a role other than a superintendent, principal, classroom teacher, or school counselor (ex. School Librarian), select “Classroom Teacher” in the “Area” dropdown in the Application for Certifications Waiver in TEAL. Be as specific as possible to the role for which the waiver is requested when completing the waiver application.
- Teacher certification waivers cannot be approved for individuals to serve in special education, bilingual education, or prekindergarten program assignments.
- Teacher certification waivers must be initiated by an employing school district. Individual candidates for certification cannot pursue a teacher certification waiver independently.
- For individuals enrolled in an Educator Preparation Program (EPP) or Alternative Certification Program (ACP), it is strongly encouraged that district personnel first have conversations with the EPP or ACP prior to initiating the teacher certification waiver as this could impact the candidate’s completion of program requirements. **District personnel will want to determine that the candidate is not currently eligible for an SBEC-issued credential and what the candidate lacks (deficiency plan) to obtain a certificate.**

This waiver allows districts and charter schools to limit the number of foreign exchange students to four or less per high school. *(A request to limit the number to five or more per high school must be submitted as an **expedited waiver** application.)*

### Things to Consider:

- The approval of this waiver is not retroactive and takes effect on the date that the agency approves the application.
- The districts and charter schools must enroll foreign exchange students who arrive in the district or who have requested enrollment in the district prior to the waiver approval date.
- **Only in the most compelling circumstances will a waiver request for less than five per high school be considered.** If your district doesn't have a compelling circumstance *beyond* the reasons permitted in TEC, §25.001(e)(1)-(3), your district may want to consider applying for the general [Foreign Exchange Student Waiver \(5 or more\)](#).

## Pregnancy-Related Services On-Campus (CEHI) Waiver

This waiver allows districts and charter schools to request a waiver to offer Pregnancy-Related Services Compensatory Education Home Instruction (CEHI) on a district's campus. Special education students who qualify for Pregnancy Related Services (PRS) may also receive homebound instruction on campus if the district has an approved on-campus instruction waiver. The waiver is not required for students receiving full-day instruction in a remote setting.

### Things to Consider:

The requirements of the waiver are as follows:

- Provide transportation as needed.
- Serve students at home if medically indicated.
- Do not exceed student-teacher ratio of four students to one teacher.
- Do not use self-paced computer-based instruction to fulfill the four hours of CEHI.
- A PRS teacher serving special education students must have a certification in Special Education.
- How will you evaluate the effectiveness of the waiver?

### Required Information (entered on waiver application):

- LEA Contact (*First Name, Last Name, Phone, Email*)

## Remote Conferencing Instruction Waiver

Per the Student Attendance Accounting Handbook, Section 12.3.1, if your school district provides instruction through remote conferencing to a **regular education student due to a temporary medical condition**, your district may, with approval of a waiver request, count that instruction as classroom time for FSP funding purposes and count the student in attendance for FSP funding purposes, provided certain requirements are met. [**Note:** *in the TEAL Waivers System, the requests for remote conferencing and remote homebound are both located on the same application "Application for Remote Conferencing and Remote Homebound Wavier."*]

These requirements must be met:

- The student is unable to attend school because of a temporary medical condition (*Pregnancy, in and of itself, is not considered a medical condition. See SAAH, Section 12.3.3 Remote Homebound Instruction—Regular Education Students for information on remote PRS compensatory education home instruction*).
- The student's temporary medical condition is documented by a physician licensed to practice in the United States. The documentation must include a statement from the physician that the student is to remain confined to their home or to a hospital.

Remote conferencing students will not be considered to be receiving homebound program instruction and will not be eligible to generate eligible days present through the GEH program.

*If a student is eligible to be served through the GEH program, your district should evaluate whether it is more appropriate to serve the student through that program or through remote conferencing.*

Per the Student Attendance Accounting Handbook, Section 12.3.2, if your school district provides instruction through remote conferencing to a **special education student** for all or part of the school day, your district may count that instruction as classroom time for FSP funding purposes, including in the calculation of contact hours.

The following conditions must be met:

- The student's ARD committee must have determined, in a manner consistent with state and federal law (*including provisions related to least-restrictive environment (LRE) and FAPE requirements*), that the remote instruction to be provided is required for the provision of a Free and Appropriate Public Education (FAPE).

- The ARD committee must have documented that determination in the student's individualized education program.

Students participating through remote conferencing (*regular education and special education*) will generate attendance in the following ways:

- Students in grades pre-K to five must receive the equivalent of *four hours of instruction with at least two hours of synchronous instruction each school day*. This instruction does not need to be consecutive.
- Students in grades six to twelve must receive at least *four hours of instruction through synchronous instruction each school day*. This instruction does not need to be consecutive.

### Things to Consider:

- This waiver is granted on a per-student basis. An application must be submitted for each individual student. **No identifiable student information should be submitted with the waiver request.**
- A waiver for Regular Education Students is not effective until it is granted by the Commissioner (*SAAH pg. 17*). Funding may be claimed beginning on the date the waiver is approved (*SAAH, Section 12.3.1*).
- If a waiver is approved, funding for remote conferencing for special education students may be retroactively claimed on the date services begin in accordance with ARD committee determination and proof of an approved waiver must be available for audit. (*SAAH, Section 12.3.2*).
- A waiver will not be granted if the student is unable to attend school for a reason other than a medical condition, such as confinement at home for disciplinary reasons. Any waiver request must include an explanation of the circumstances.
- Explain how any applicable program requirements will be satisfied if your district intends to claim weighted funding. (*See the applicable sections of the SAAH for specific program requirements.*)
- If a *special education* student's ARD committee determines that instruction through remote conferencing is required for the provision of FAPE, that determination does not necessarily mean that the student's instructional setting code will change with the provision of the instruction through remote conferencing. (*See section 12.3.2 of the SAAH for more information regarding instructional setting codes.*)
- The documentation used to determine the student's need for remote conferencing services should be maintained for audit purposes. (*Refer to Student Attendance Accounting Handbook, Section 2.1 General Audit Requirements.*) **No identifiable student information should be submitted with the waiver request.**

### Required Information (entered on waiver application):

- The waiver request must include an explanation of the circumstances.
- When submitting a waiver request for a *regular or special education student*, cite the following requirement in item 2 of the General Questions section: 1) 19 TAC §129.1025; and 2) face-to-face instruction policy. *Only cite "19 TAC §129.1025" if the student is scheduled to be off campus at the official attendance-taking time.*

## Remote Homebound Instruction Waiver

Remote homebound instruction means remote instruction in which a student receives individualized instruction through the General Education Homebound (GEH) program or Compensatory Education Home Instruction (CEHI) program and in which all requirements of the program are met except for in-person instruction from the homebound teacher. *[Note: in the TEAL Waivers System, the requests for remote conferencing and remote homebound are both located on the same application "Application for Remote Conferencing and Remote Homebound Wavier."]*

If your school district provides remote homebound instruction to an eligible *regular education student*, your district may, with the approval of a waiver request, count the student in attendance for FSP funding purposes provided that all requirements of the homebound program are met except for face-to-face instruction from the homebound teacher.

If a waiver is granted, the affected student will generate attendance (eligible days present) according to the homebound funding provisions in SAAH, Section 3.7.3 GEH Funding Chart or Section 9.10 Confinement and Earning Eligible Days Present, as applicable.

If your school district provides remote homebound instruction to a *special education student*, your district may, with the approval of a waiver request, count the student in attendance for FSP funding purposes, including weighted funding purposes, provided that the following requirements are met:

- The student's ARD committee must have determined, in a manner consistent with state and federal law, that the remote homebound instruction to be provided meets the needs of the student.
- The ARD committee must have documented that determination in the student's IEP.
- All requirements related to the provision of special education homebound instruction must be met except for face-to-face instruction from the homebound teacher.

If a waiver is granted, the affected student will generate attendance (eligible days present) according to the homebound funding provisions in SAAH, Section 4.7.2.5 Homebound Funding and Homebound Documentation Requirements.

### Things to Consider:

- This waiver is granted on a per-student basis. An application must be submitted for each individual student. **No identifiable student information should be submitted with the waiver request.**
- If the waiver is approved, funding may be claimed beginning on the date the ARD committee determined that remote homebound services began.
- The district should consider whether remote conferencing is an option before moving forward with remote homebound instruction and any applicable waiver requests.

Information regarding why remote conferencing is not an option should be included with the waiver request.

- The documentation used to determine the student's need for remote homebound services should be maintained for audit purposes. (*Refer to SAAH, Section 2.1 General Audit Requirements.*)

#### **Required Information (entered on waiver application):**

- When submitting a waiver request for a *regular education student*, cite the following requirement in item 2 of the General Questions section: the requirement that a homebound teacher serve a student in person at the student's home or hospital bedside in order for FSP funding to be generated, as required by 3.7.3 GEH Funding Chart or 9.10 Confinement and Earning Eligible Days Present, as applicable, of the handbook, which is adopted annually through 19 TAC §129.1025. *Due to character limits, citing "In person instruction per SAAH 3.7.3 Funding Chart" OR "In person instruction per SAAH 9.10" is sufficient.*
- When submitting a waiver request for a *special education student*, cite the following requirement in item 2 of the General Questions section: the requirement that a homebound teacher serve a student in person at the student's home or hospital bedside in order for FSP funding to be generated, as required by 4.7.2.5 Homebound Funding and Homebound Documentation Requirements of the handbook, which is adopted annually through 19 TAC §129.1025. *Due to character limits, citing "In person instruction per SAAH 4.7.2.5" is sufficient.*
- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)

- The maximum total number of minutes waived per academic year may not exceed 4,200. The minutes utilized as part of this waiver apply to the 4,200 waiver minutes cap. # ATTENDANCE WAIVERS

Your district must adopt a school calendar that is in accordance with the program type listed on the chart in the Student Attendance Accounting Handbook (SAAH), Section 3.8. Your district is encouraged to make sure that the adopted calendar includes additional minutes to account for *at least* two bad weather or other missed school days related to health and safety concerns.

If your district or charter school closes school on a scheduled school day, your district or charter school should have enough minutes built into its adopted calendar to make up for any missed minutes or your district's or charter school's FSP funding may be reduced proportionately.

If weather, health, or safety issues cause you to fall short of the required number of minutes/days in accordance with the program type listed on the chart in SAAH, Section 3.8 beyond the additional minutes/days already built into the adopted school calendar for makeup minutes/days, districts and campus officials can request **Attendance Waivers** for excused absences or reduced attendance rates that are the result of inclement weather, health, safety-related, or other issues.

## Additional Days School Year (ADSY) Waiver

Additional Days School Year adds half-day formula funding for school systems that add instructional days to any of their elementary schools (TEC, §48.0051). Districts will generate half-day funding for each instructional day after their 180<sup>th</sup> instructional day up to their 210<sup>th</sup> instructional day. ADSY funding is available at the campus level. Districts may implement an ADSY program that utilizes anywhere from one to 30 additional days with design flexibility as long as it meets certain requirements (SAAH, Section 11.5). Beginning in the 2023–2024 school year, participating campuses are eligible for up to five days of ADSY waivers for missed instructional days throughout the year due to weather, health, or safety reasons. These waiver days are for the purpose of ensuring compliance with the 180 days of instruction requirement and are distinct from the Missed School Day waiver.

### Things to Consider:

- Professional/staff development waivers do not count towards the required 180 days of instruction.
- If an LEA applies for and receives a missed school day waiver, the day(s) will count towards the 180-day total under TEC, §48.0051(c).
- Depending on the situation, an LEA may need to apply for both the ADSY waiver and the Missed School Day waiver.

Should an LEA utilizing ADSY funding file for and receive a low attendance waiver as described in SAAH 3.8.1.3 (Low-Attendance Day Waivers), the granting of a low attendance waiver does not reduce the 180 days of instruction for ADSY purposes. As such, an LEA is

not required to apply for an ADSY waiver for an instructional day that has already been granted a low attendance day waiver.

#### **Required Information (entered on waiver application):**

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- Campus(es) impacted (*only select the impacted ADSY eligible campuses that serve grade levels within Pre-K through 5th*)
- Reason for Missed School Day(s) (*Weather, Health, Safety, or Other*)
- Date of Missed School Day(s)
- Certification of Board-adopted 180 instructional day calendar for the current school year
- Explanation of Reason for Missed School Day(s)

#### **Supporting Documentation (submitted with waiver application):**

- Board agenda from meeting at which the waiver application request was approved
- Documentation for the reason for missed school day(s) (*Supporting documentation may be news articles, letter to parents, information shared with the Board or district, etc. to specify what the weather/health/safety issue was*)
- Submission of evidence of a board-approved 180-day calendar via a survey that will open in fall of each year in order to be eligible for the ADSY waiver (must be submitted prior to applying for the waiver). The 2024-2025 survey will be launched via a "To the Administrator Addressed" letter that is issued in August of 2024.

## Low Attendance Day(s) Waiver

For a day when school was held but attendance was at least 10 percentage points below the overall average attendance rate for your district or the applicable campus for the prior year because of inclement weather\*-related, health, or safety issues, your district may apply for a waiver to have the day excluded from ADA and FSP funding calculations. (\**Unusually cold or hot weather, alone, does not constitute an inclement weather-related issue.*)

### Things to Consider:

- The number of minutes requested for a low attendance day must be equivalent to the number of minutes a district/campus operated on that day.
  - Example: If a regular day is 450 minutes and the day for which the waiver is requested was a regular day, enter 450 minutes. If the day for which the waiver is requested was a late start/early release day due to the event that caused the low attendance (ex: bad weather) or was a scheduled early release day and the day was only 320 minutes, enter only 320 minutes.
- If the number of minutes of operation varies by campus on the date of low attendance for "All Campuses", please report the greatest number of minutes on the date of low attendance in the "Number of Min on the Low Attendance Day." Please note that in PEIMS you will claim the actual number of minutes in operation on the specific date by campus.
- For a district or campus with multiple tracks, the overall average attendance rate for all tracks combined must be used.
- When determining if the 10-percentage point threshold is met, *district* attendance rates must be compared to the *district's* entire prior year (2023-2024) average, whereas *campus* attendance rates must be compared to the applicable *campus'* entire prior (2023-2024) year average.
  - This is not a date-to-date comparison for the prior year.
    - Example: If requesting a district-wide ("all campuses") waiver for low attendance for 10/21/24, use the overall attendance rate for all campuses (including all tracks) for the district on 10/21/24 and the entire prior year attendance (23-24 summary (PDM3-130-001)) for the district.
  - For a new campus or a campus that existed as two separate campuses the prior year, the overall entire prior year average attendance rate for the district as a whole must be used.
  - For a new charter school in its first year of operation, the overall attendance rate for the current year must be used.

- The maximum total number of minutes waived per academic year may not exceed 4,200. The minutes utilized as part of this waiver apply to the 4,200 waiver minutes cap. *(This includes low attendance day, missed school day, staff development, operational and instruction time for school safety training, and any other minute-related waivers.)*
- The agency does not grant waivers for low attendance on a makeup day.
- The agency does not round attendance rates when determining the 10-percentage point difference.
- If a waiver is granted, your district should not include the day exempted as a day of membership or instruction. Treat the day as a non-school day in your district's student attendance accounting system, and do not report the day as a school day in your district's TSDS PEIMS reporting. *(An approved low attendance day waiver does not count against the district's 180-day requirement for ADSY purposes since schools were in operation and instruction was held for day. Subsequently, the district does not need to submit an ADSY waiver for a low attendance day.)*
- Local education agencies are responsible for submitting current, complete, and accurate data required for each PEIMS and TSDS collection. Each person entering data into the attendance accounting system must attest that the data he or she has entered are true and correct to the best of his or her knowledge. The superintendent must affirm that he or she has taken measures to verify the accuracy and authenticity of the attendance data (see SAAH, Section 3.1 Responsibility).
- **Low Attendance Day(s) Waivers are due by the end of July for the current school year. See the [State Waivers webpage](#) for specific dates.**

#### **Required Information (entered on waiver application):**

- LEA Contact *(First Name, Last Name, Phone, Email)*
- Date of Board Approval *(This date should match the date the board approved the waiver per the agenda attached as supporting documentation)*
- Campus(es) impacted *(select "All Campuses" if applying for the entire district)*
- Reason for Low Attendance *(Weather, Health, Safety, or Other)*
- Date(s) of Low Attendance
- % of Attendance for the Selected Date(s)
- % of Attendance for Entire Previous Year
- Number of Minutes of Operation on the Low Attendance Day(s)

#### **Supporting Documentation (submitted with waiver application):**

- Board agenda from meeting at which the waiver application request was approved
- Documentation for the reason for the low attendance rate (*Supporting documentation may be news articles, letter to parents, information shared with the Board or district, etc. to specify what the weather/health/safety issue was that caused the low attendance on that specific date. If any student identifiable information is included, it must be redacted. For further guidance, see question 11 in the [Frequently Asked Questions](#) section.*)
  - Documentation provided for dates of low attendance on shortened days, federal/state holidays, days that fall immediately before or after a district/student holiday, or on the last days of school must clearly support that the low attendance was attributed primarily to a weather, health, or safety issue
- ADA report showing the attendance rate on the date of low attendance for the district or applicable campus ([see appendix 4.1 \(district\)](#) & [appendix 4.3 \(campus\)](#))
  - The ADA report should come directly from the LEA's Student Information System (SIS), and the attendance rate entered on the application should exactly match the attendance rate on the applicable ADA report. **Do not round.**
  - The ADA report should show the attendance rate for **all calendar tracks combined** rather than separated by individual track.
- PEIMS summary report (PDM3-130-001) showing the average attendance for the entire prior year for the district or applicable campus ([see appendix 4.2 \(district\)](#) & [appendix 4.4 \(campus\)](#))
  - The PEIMS report (PDM3-130-001) should come directly from PEIMS, and the attendance rate entered on the application should exactly match the attendance rate on the applicable PEIMS report. **Do not round.**

## Missed School Day(s) Waiver

Districts or campuses may request a waiver for excused absences if full instructional days are missed due to unanticipated issues related to inclement weather\*, health, safety, or other unanticipated situations. (\**Unusually cold or hot weather, alone, does not constitute an inclement weather-related issue.*)

If because of unanticipated issues due to weather, health, or safety, your district misses additional instructional days **beyond the two days made up using built in or additional minutes or days**, your school district can apply to the TEA for a missed school day waiver.

### Things to Consider:

- No waiver is necessary if the district/charter school has enough minutes in its calendar to accommodate missed school days and still meet the annual operational and instructional minute requirement outlined in Student Attendance Accounting Handbook, Section 3.8.
- The first two full days missed for any reason (weather, health, or safety) **must be made up** using either designated makeup days or additional minutes. See Student Attendance Accounting Handbook, Section 3.8.1.
  - *Days missed for reasons other than weather, health, or safety do not count toward the first two days missed for the purposes of qualifying for a missed school day waiver.*
  - *Missing the equivalent of two full days in minutes due to early releases/late starts or a combination of one full missed school day and early releases/late starts does not constitute missing two full days for the purposes of qualifying for a missed school day waiver.*
  - *Texas Education Code §25.081(c) allows a school district to add additional minutes to the end of the district's normal school hours as necessary to compensate for minutes of instruction lost due to school closure caused by disaster, flood, extreme weather conditions, fuel curtailment, or another calamity.*
  - *If a charter school is one with campuses that are in different regions of the state, each campus that closed must make up the missed day or days as if all campuses were closed. For a charter school with campuses in different regions of the state, TEA evaluates each campus separately for purposes of determining whether missed days must be made up and whether waivers will be granted.*
- Charter schools applying for a missed school day waiver must submit their applications as soon as possible after the missed school day so that FSP System calendars can be updated and FSP System six-week report submissions are accurate.
- The number of minutes requested for a missed school day waiver must be equivalent to the number of minutes a district/campus would have normally operated on that day. *(If the number of minutes of operation varies by campus on the missed school day for "All Campuses", please report the greatest number of minutes on the date school was missed in the "Number of Minutes per Day." Please note that in PEIMS you will claim the actual number of minutes your district was scheduled to operate on the specific date by campus.)*
- The maximum total number of minutes waived per academic year may not exceed 4,200. The minutes utilized as part of this waiver apply to the 4,200 waiver minutes cap. *(This*

*includes low attendance day, missed school day, staff development, operational and instruction time for school safety training, and any other minute-related waivers.)*

- If a waiver is granted, your district should not include the day exempted as a day of membership or instruction. Treat the day as a non-school day in your district's student attendance accounting system, and do not report the day as a school day in your district's TSDS PEIMS reporting.
- The agency does not grant missed school day waivers for partial days missed.
- The agency does not grant missed school day waivers for instruction missed on a utilized make-up day.
- The agency does not grant missed school day waivers for instruction missed on a day when the district/campus makes the determination to cancel or delay school for a portion of an otherwise scheduled whole day.
- The agency does not grant missed school day waivers for only specific campuses on a day when the entire district is closed.
- The agency does not grant missed school day waivers for individual instructional tracks regardless of physical site location.
- The agency does not grant missed school day waivers on scheduled staff development days.
- The agency does not grant missed school day waivers for UIL activities.
- **Missed School Day Waivers are due by the end of July for the current school year. See the [State Waivers webpage](#) for specific dates.**

#### **Required Information (entered on waiver application):**

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)

- Reason for Missed School Day(s) (*Weather, Health, Safety, or Other*)
- Date of Missed School Day(s)
- Number of Minutes per Day
- Explanation of Reason for Missed School Day(s)

#### **Supporting Documentation (submitted with waiver application):**

- Board agenda from meeting at which the waiver application request was approved
- Documentation for the reason for missed school day(s) (*Supporting documentation may be news articles, letter to parents, information shared with the Board or district, social media posts etc. to specify what the weather/health/safety issue was. If any student identifiable information is included, it must be redacted. For further guidance, see question 11 in the [Frequently Asked Questions](#) section.*)

# OTHER WAIVERS

**Other Waivers** are waivers that do not fit into any specific category but are considered **general waivers** that do require detailed information surrounding the district's waiver request. The following waivers may be submitted as an **Other Waiver**:

- **Waivers Specific to Charter Schools**
- **Waivers Related to Students Taking Dual Credit Courses at Institutions of Higher Education (IHEs)**
- **Texas Virtual School Network (TXVSN) Course Review Process Waiver**
- **Any other waiver request that does not fit into any specific category**

## Charter School Specific Waivers

While state law exempts charter schools from some laws, many laws and rules apply to these schools. In addition to the waivers applicable to charter schools above, the agency also accepts requests from charter schools to waive certain sections of the Commissioner's Rules Concerning Open-Enrollment Charter Schools (19 Texas Administrative Code (TAC), Chapter 100).

Often, these rules are criteria that must be met for a charter school to submit an expansion amendment for consideration. These include, but are not limited to:

- 19 TAC §100.1035(c)(5)(C)(i) the expansion will be effective no earlier than the start of the fourth full school year at the affected charter school. This restriction does not apply if the affected charter school has a district rating of an A, B, or C and is operated by a charter holder that operates multiple charter campuses and all of that charter holder's most recent campus ratings of an A, B, or C;
- 19 TAC §§100.1035(c)(1)(A), (c)(1)(B) Timeline for submission. A charter holder may submit a request for approval for an expansion amendment: up to 36 months before the date on which the expansion will be effective; and no later than the first day of March before the school year for which the expansion will be effective; and
- 19 TAC §100.1035(c)(5)(C)(vi) the most recent designation for the charter school under the CSPF is "Tier 1" or "Tier 2" as defined by §100.1031 of this title.

### Things to Consider:

- Requests to waive sections of the Commissioner's Rules Concerning Open-Enrollment Charter Schools must be submitted using the **Other** waiver application in the TEAL Waivers system.

- The voluntary amendment of an existing contract for charter is not a matter of right or entitlement. However, the commissioner is required to consider the factors outlined in Title 19, TAC §100.1035(b)(3) and (b)(4). Considerations include the performance of the charter holder in carrying out its current public school obligations, including, but not limited to, student performance, the financial position of the charter, and compliance with all laws and rules governing charter schools.

#### **Required Information (entered on waiver application):**

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- School Year(s) Requested (*Will always be for the single academic year in which the waiver is requested. Charter-specific waivers cannot be requested for multiple academic years*)
- Supplemental Information ([see appendix 2](#))

#### **Supporting Documentation (submitted with waiver application):**

- Board resolution containing the signatures of a majority of governing board members voting in favor of the submittal of the specific waiver in a duly-called public meeting of the governing board of the charter.

#### **Resources:**

- [19 Texas Administrative Code, Chapter 100 \(Commissioner's Rules Concerning Open-Enrollment Charter Schools\)](#)
- Questions regarding waiving the commissioner rules above may be directed to your portfolio coordinator in the Division of Authorizing or by emailing [Charteramendments@tea.texas.gov](mailto:Charteramendments@tea.texas.gov) for individualized support and guidance.

## Waivers Related to Students Taking Dual Credit Courses at Institutions of Higher Education (IHE)

If district students are taking dual credit courses at an IHE with a calendar of fewer than 75,600 minutes, including intermissions and recesses, your district may apply for a waiver of the 75,600-minute calendar requirement.

If early college high school (ECHS), P-TECH, Industry Cluster Innovative Academy (ICIA), or Texas Science, Technology, Engineering, and Math (T-STEM) students and students take dual credit

courses at an IHE with a calendar that begins before the fourth Monday in August, your district may apply for a waiver of the start date requirement.

### Things to Consider:

- If the IHE's calendar is shorter than your school district's calendar, report the student's attendance in TSDS PEIMS with a different track to reflect the shorter calendar. Reporting the student with a separate track will prevent any reduction in state funding.
- The proper citation for this waiver in question #3 (*see appendix 2*) is TEC §25.081(a).
- The documentation of the agreement between the district/charter school and the IHE should be maintained for auditing purposes. (*Refer to Student Attendance Accounting Handbook, Section 2.1 General Audit Requirements.*)

### Required Information (entered on waiver application):

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- School Year(s) Requested (*up to 3*)
- Supplemental Information (*see appendix 2*)

## Texas Virtual School Network (TXVSN) Course Review Waiver

All courses made available through the Texas Virtual School Network (TXVSN) must be reviewed and approved prior to being offered. Eligible school districts and open-enrollment charter schools may apply to the commissioner of education for a waiver from the TXVSN course review process that is administered by the Texas Education Agency (TEA).

### Things to Consider:

- A waiver may be requested from the TXVSN course review *process* only.
- Each course is still required to meet all TXVSN course standards and requirements.
- To request a waiver to the TXVSN course review process, the district or charter school authorized official must certify that each course meets all TXVSN course standards and requirements.
- The commissioner of education must approve the request before the course may be offered through the TXVSN.
- To request a waiver from the TXVSN course review process, complete the steps located in the instructions below. *(Include all requested information in your waiver request. Do not send attachments as a separate communication. Your waiver request must comply with these requirements to be considered complete and ready for consideration by the commissioner of education.)*

### Required Information (entered on waiver application):

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Date of Board Approval (*This date should match the date the board approved the waiver per the agenda attached as supporting documentation*)
- Supplemental Information (see instructions below)

### Supporting Documentation (submitted with waiver application):

- Copy of official board minutes showing approval to submit the TXVSN course review waiver request or the official agenda clearly showing the request for board action regarding the TXVSN course review waiver request, if minutes are not yet available

# MAXIMUM CLASS SIZE EXCEPTION

A district must submit a request for a class size exception for any classrooms in prekindergarten - fourth grade that exceed the 22 students class size limit located in Texas Education Code §25.112. *(Class size limits do not apply to physical education classes or fine arts classes. Class size limits also do not apply to charter schools; however, charter schools are subject to any class size restrictions that may be in the approved charter contract.)*

## Things to Consider:

- Per TEC §25.112(e), a district seeking an exception must notify the commissioner and apply for the exception not later than the later of:
  - October 1\*; or
  - the 30th day after the first school day the district exceeds the limit

*\*Due to the delayed 2024 accountability ratings release, for the 2024-2025 school year only, the deadline to submit the initial exception request has been extended by waiver. For specific information, see the [State Waivers webpage](#).*
- Class size limitations generally apply throughout the school year, with the exceptions noted below:
  - Any twelve-week period selected\* by the district with a significant percentage of migratory children (25.112(1)); or
  - The last twelve weeks of any school year for all other districts

*\*This applies only to a district whose average daily attendance is adjusted under Section [48.005\(c\)](#). The district shall notify the commissioner in writing of which 12-week period the district is claiming an exemption not later than the 30th day after the first day of the 12-week period selected.*
- The maximum class size limit in TEC §25.112 is not a ratio of students to teachers/adults; it is strictly based on the size of the class. If a PreK through 4th grade class exceeds this limit, regardless of how many adults are in the room, an exception request is required.
- In considering whether to grant an exception, the commissioner must find that the class size limit creates an undue hardship on the district. The commissioner will consider:
  - unanticipated enrollment growth;
  - lack of facilities;
  - lack of teachers; or

- financial hardships
- A campus or district that is granted a class size exception shall provide written notice of the exception to the parent (or person standing in parental relation to) of each student affected by the exception. The notice must be in bold or underlined print and must:
  - specify the particular class for which a class size exception was granted;
  - state the number of students in the class for which the exception was granted; and
  - be delivered through regular mail or other means of communication from the campus or district, such as information sent home with students

The notice described above must be provided no later than the 31st day after the first day of the school year, or the date the exception is granted, if the exception is granted after the beginning of the school year. The district must maintain documentation of the notices provided to parents, subject to a request for review by the TEA (Texas Education Code §25.113).

#### **Required Information (entered on waiver application):**

- LEA Contact (*First Name, Last Name, Phone, Email*)
- Campus(es) impacted
- Number of Sections Over the Limit by Grade Level (*Enter only the number of classes/sections that exceeds the 22 class size limit. Do not enter number of students.*)

# FREQUENTLY ASKED QUESTIONS

---

Below is a list of frequently asked questions that may be of assistance related to the State Waivers and the TEAL application process.

## 1. Do state waivers require Board approval?

Yes, all state waiver applications (excluding class size exceptions) requested by the district require Board approval and the application must include the date the Board approved the waiver request. Documentation may be requested for board approval dates that cannot be verified by agency staff. Additionally, all waivers also require review by the district-level (for district-level waivers) or site-based (for campus-level waivers) decision-making committee established under TEC §11.251. The committee must first have the opportunity to review the waiver request and provide written comments prior to board approval.

## 2. How do I apply for the Educator Test limit waiver?

Please see the [Educator Testing webpage](#) for the test-limit waiver application and the associated FAQ document to answer common questions. If you have additional questions, please submit a [TEA Help Desk ticket request](#). Alternatively, you may contact the Educator Testing department at 512-463-9039.

## 3. May our school district or charter school apply for and receive waivers (of any kind, including staff development) such that the district or charter school has more than 4,200 minutes (or 10 days for charter schools that use days) waived?

No. Your district or charter school must not have more than 4,200 minutes (10 days for charter schools that use days) waived, unless otherwise authorized by the commissioner. See [Student Attendance Accounting Handbook](#), Section 3.8.2.

## 4. Is a Staff Development waiver available?

Yes, the Staff Development Minutes Waiver provides for a maximum of 2,100 total waiver minutes to use for professional development for districts and charter schools that provide operational and instructional minutes. Each district and open enrollment charter school may choose how to apply their approved Staff Development Minutes Waiver. For instance, schools may choose to offer early release, late start, all day staff development, or a combination. However, the total waiver minutes for staff development shall not exceed 2,100 minutes per year. This waiver is for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year. The Staff Development Minutes Waiver may not be used prior to the first day of student instruction or after the last day of student instruction. On staff development days when students are in attendance part of the day, in order to receive full ADA funding, the district or open-enrollment charter school must provide at least 120 minutes of student instruction. Instructional minutes are defined in the Student Attendance Accounting Handbook as the portion of the school day in which instruction

takes place along with other exceptions. In addition to the 120 minutes of student instruction, any staff development waiver minutes reported must reflect actual staff development minutes provided.

The Staff Development Minutes waiver may be applied for only on an annual basis.

### 5. Can the public view district waivers?

[The Waivers Online Report](#) allows anyone to view the status of final district waivers by name, status, type and date. The report allows for multiselect features. Once a report is generated, it can also be printed or exported to Excel.

### 6. How can I see the waivers that I have created for the district?

In the Waivers application in TEAL, any waiver applications that you are either working on or need to approve will be visible in the **My Waivers** section. Click on the **Waiver ID** to view the application and take any action, as necessary. To view all waivers for your district, including the current status of a waiver, click on the **Search Waivers** section. You can also use the **Search** box to find a waiver.

### 7. Our district has multiple low attendance or missed school days we plan to apply for waivers for. Do I have to do a separate waiver for each campus and or day missed day?

For low attendance and missed school days, you may enter multiple district or campus days and multiple campuses on the same low attendance or missed school day waiver application. Following the entry of the campus detail, select **Save Campus** to add the information to the LEA Summary section of the waiver. To enter additional information, follow the same process to continue to save individual dates/campuses to the LEA summary as needed.

### 8. What type of waiver application do I use if I don't see an application specific to the area I wish to apply for?

If there is not a specific waiver application related to your request, please select the **Other** application for completion.

### 9. Are there any TEC sections that may not be waived?

Yes, please refer to [Texas Education Code §7.056\(e\)](#) for the list of statutory requirements from which a district or campus may not receive an exemption or waiver.

### 10. When can I apply for a missed school day waiver after the district is closed for a weather, health or safety issue?

Once a district has Board approval, it may apply for the missed school day waiver. Please note that prior to approval of a missed school day waiver for the district, the first two missed days must have been made up, either using additional built in minutes, bad weather make up days, or by adding additional minutes into the school year. See the [Student Attendance Accounting Handbook](#), Section 3.8.1.1 Makeup Days and 3.8.2 Closure for Bad Weather or Other Issues of Health or Safety for more information.

## 11. What documentation is required for support as it relates to the reason for a missed and/or low attendance day?

Documentation should be specific to the local conditions that support the request. This could be emails from the city or service providers, state/city declarations, news articles, social media posts, reports, etc. related to issues that resulted in closure or low attendance.

More specific to health, documentation should include the information LEA staff relied upon to conclude that the closure or low attendance was directly attributed to health reasons. This could be information from parents (a summary of notes, documented phone calls, etc. indicating absence due to health along with their relative volume), reports from campus nurse/office staff that indicate the absences were due to health, news articles, and/or reports from local health authorities or a statement from campus/district administration that provides an account of the circumstances as they relate to the health issue that resulted in low attendance. Documentation should show that the reason for closure or low attendance was specifically due to a health reason and not simply assumed because no other explanation was available. All student identifiable information should be redacted.

## 12. I entered my information and saved, but the waiver is still showing draft – why?

For a *District Editor*, at the end of the waiver application you will find a **Complete & Route** button. This will route the application to your Superintendent for review and approval. For a *District Superintendent*, at the end of the waiver application you will find a **Review and Submit** button. When your application is ready, this button takes you to the review and submit details page. This page displays the information as entered and is read only. If you need to make any adjustments, select the **Return to Edit** button to take you back to the prior view. If the application is complete and ready for submission, select the **Submit to TEA** button. The waiver is then sent to TEA, and the original waiver creator and superintendent will receive a confirmation email. You may view and print a read only version of the submitted waiver by selecting the application within **Search Waivers**.

## 13. I (superintendent) submitted a waiver application to the agency for review, but I did not receive a confirmation email-why?

At the end of the waiver application you will find a **Review and Submit** button. When selected, this button takes you to the review and submit details page. This page displays the information as entered and is read only. The **Submit to TEA** button must then be pushed in order for the application to be routed to agency staff. Only after both of these actions are taken will the application be routed to the agency and a confirmation email be sent. After submission, the **My Waivers** page will load and a **Success/Waiver application submitted successfully** message will appear.

## 14. My waiver was returned to me by the agency. Why?

In the instance that a waiver request is missing information or needs corrections, the agency will reassign it to the district (the status of the waiver will be "reassigned to LEA"). Refer to the **TEA Comments** section of the waiver to review agency notes that indicate what information and/or

corrections are needed. After making the edits, the district may resubmit the request to the agency for review.

### **15. The application does not allow enough characters within the questions for all of my information. What can I do?**

You may upload an attachment in the **LEA Attachments** section to include any additional information that may be needed or helpful for the waiver request.

### **16. Can I save a waiver that I am working on to complete at a later time?**

Yes, using the **Save** button at the bottom of the application, you can save the waiver you are working on. If the application has saved, you will see a success message in green at the top of the application.

### **17. How do I cancel a waiver application?**

If you need to cancel an application you were working on, select the **Cancel Application** button at the bottom of the application. You will get a popup message confirming the cancellation request. If you want to continue and cancel the waiver, select OK, or Cancel if you want to save the application and end the cancellation process. Once canceled, the waiver will be removed from **My Waivers** and will be viewable as a canceled waiver within **Search Waivers**.

### **18. What does a “Partial-Approval” of a waiver mean?**

This means that all of the items in the request were not approved as submitted but were approved in some form. For a multi-year request, this could mean that the waiver was requested for multiple years (2 or 3 years) but was approved for less (1 or 2 years). Additionally, for a waiver request for multiple days or campuses, it would be that only a portion of all of the days or campuses requested was approved. By viewing a particular waiver in the **Search Waivers** section, you can view which portions of the waiver were approved or denied in creating a partial approval.

### **19. I got an email stating that my waiver application was reassigned to me. How do I find out why?**

In the Waivers application in TEAL, click on the **My Waivers** section. Click on the **Waiver ID** to view the application. Refer to the **TEA Comments** section for applicable information.

### **20. I got an email stating that my waiver application was denied. How do I find out why?**

In the Waivers application in TEAL, click on the **My Waivers** section. Click on the **Waiver ID** to view the application. Refer to the **TEA Comments** section for applicable information.

### **21. Why is a requested year unavailable to me on a multi-year waiver application?**

If a year is grayed out and cannot be selected, the district has already been approved for this waiver type for that particular year. You may view the waivers you are currently approved for by using the **Search Waivers** section or the [waivers online report](#) on the State Waivers webpage.

**22. Can a district assign a paraprofessional to a classroom that exceeds the maximum class size in lieu of submitting a class size exception request?**

A district may assign a paraprofessional to assist in any classroom, however this cannot be done in lieu of submitting a class size exception request for a class that exceeds the class size limit. The maximum class size limit in TEC §25.112 is not a ratio of students to teachers/adults; it is a limit based solely on the size of the class. If a PreK through 4<sup>th</sup> grade class exceeds this limit, regardless of how many adults are in the room, an exception request is required.

**23. I have already submitted a maximum class size exception request. There are new sections of prekindergarten-fourth grade classes in my district that now exceed the maximum class size established in TEC §25.112. Do I need to submit a new waiver request for these sections?**

Yes. A new waiver request must be submitted each time newly identified sections of prekindergarten-fourth grade classes exceed the maximum class size limit. Class size exception requests are not required during the last 12 weeks of the district's school year or any 12-week period of the school year selected by the district, in the case of a district whose average daily attendance is adjusted under TEC Section 48.005(c).

**24. Can an individual candidate for certification apply directly for a teacher certification waiver?**

The state teacher certification waiver is a credential that must be initiated by an employing school district interested in hiring a qualified individual. Candidates for certification cannot pursue a teacher certification waiver on their own. Any district in Texas has the option to pursue temporary credentials if interested in doing so. You may contact the human resources department of a district of interest to explore options and receive further guidance on the process.
